## Polyclutch® precision slip clutches

**fives**  Fives Landis Corp. is a global supplier of Grinding Solutions specializing in Crankshaft, Camshaft and ConRod applications. Our Orbital, Centerless, OD/ID, and Double Disc Grinding Systems

## OBERLIN

CLEAN LIQUIDS  
DRY SOLIDS

Oberlin Filter Company is guided by the principle: make filters that really work. We have an excellent group of experienced engineers, salesmen, designers, welders, plumbers, electricians, servicemen, and laboratory technicians. We work with our customers to determine the best system for their application, build it ourselves, help start it and provide support throughout its lifetime.

## Dimplex Thermal Solutions

When your industrial application requires heat removal to maintain precise and reliable temperature control, you can count on Koolant Kooler Chillers to satisfy your heat management needs. Koolant Kooler chillers will increase the speed and accuracy of your production by maintaining a constant proper operating temperature.

## KIPP

KIPP sets the standard for quality and innovation in clamping tools, standard components, and operating parts. Our roots are in the Black Forest region of Germany, where we continue to design and manufacture KIPP products.
